

# G-Shot HD575T

Full High Definition Smart Touch Screen Camcorder

**Genius**  
Live with Ideas

G-Shot HD575T from Genius can shoot 1080p FHD video with the 5.0 Mega Pixel CMOS camcorder in FHD resolution. This handy slim design has a smart 3" large touch panel with an easy-to-use menu and the 5X optical powerful zoom gets you closer to the subject with clarity. The high-compression H.264 format can record 30fps/1920 x 1080 pixels and five mega pixel still images up to 16MP using the software.

Leery of taking a video or photo with little backlight or low light? G-Shot 575T can take videos or photos under backlight mode without dark faces, just press "light" to compensate for the lighting under low light environment. Or just adjust the AE (Auto Exposure) on the touch screen for a great photo without doing a lot of complicated settings in advance.

Now your family and friends can enjoy recorded videos or photos on your LCD TV with the HDMI cable without any compromise of playback quality.

For the smartest high definition 3 inch touch screen camcorder, you can ask your salesperson about the G-Shot HD575T.
